

CONTENTS OF THESE GENERAL TERMS AND CONDITIONS

1. GENERAL PROVISIONS

The provisions that follow apply to the entire contract.

As mobility organisation, VAB nv with registered office in Belgium, Pastoor Coplaan 100, 2070 Zwijndrecht, BE 0436.267.594 organises one-off breakdown assistance for immobilised vehicles.

The applicant

- ✓ The owner/user of the vehicle who requested the intervention from VAB nv holds a valid driving licence and is domiciled in Belgium.

The vehicle

The vehicle for which a one-off intervention is requested is a vehicle that

- ✓ is registered in Belgium, has a valid Belgian road worthiness certificate and is covered by compulsory third-party liability insurance;
- ✓ is unexpectedly mobile.

For what type of vehicle can a one-off intervention be requested?

- ✓ Vehicles with an MAM of maximum 3.5 tonnes, a maximum length of 6.5 m and a maximum height of 3 m can be covered under this contract.
- ✓ The accompanying trailer or caravan, legally on the road, is always included if it is attached to the main vehicle and used for private purposes. Up to 750 kg MAM, this trailer must have the number plate of the towing vehicle and up to 3.5 tonnes MAM, it must have its own number plate.
- ✓ Electric or hybrid cars can also benefit from assistance.

Immobility

Immobility is understood to mean: the inability to use the covered vehicle that occurs without malicious intent, occurs suddenly and unexpectedly and where the intervention of the VAB-Wegenwacht (Breakdown Service) is immediately required.

2. SERVICE PROVIDED

The one-off VAB Pechverhelping (Breakdown Assistance) is a one-off intervention following a breakdown or accident that can be requested (digitally). It is not personal: anyone who has a breakdown with his/her vehicle and meets the conditions can request this intervention.

1. What does the service include?

The service provided consists of:

- ✓ Making the vehicle roadworthy again, possibly provisionally, through the intervention of qualified staff, 24 hours a day, 7 days a week. In the case of a provisional repair, it is recommended to contact your repairer afterwards;
- ✓ 1 tow of max. 50 km for an additional charge when the VAB roadside assistance service agent considers it impossible to make your vehicle road safe and technically roadworthy, including theft of the number plate, steering wheel, airbag and centre console of the covered vehicle. We take your vehicle to the most appropriate garage in Belgium. After a breakdown in Belgium, the delivery to the garage shall occur at the latest the day after the intervention. Journeys of more than 50 km can be authorised at an additional charge;
- ✓ The passengers with a maximum of 4 persons will be transferred to the nearest place from where they can continue their journey (*trip*). The method of transport will be decided by VAB nv.

Assistance for the following vehicles with a flat battery consists of:

- ✓ Electric and hybrid vehicles: 1 tow for a fee to the nearest charging station within a 50 km drive. Tows over 50 km may be allowed for an additional fee.

Breakdown assistance is guaranteed and carried out by VAB-Wegenwacht or a subcontractor.

Installation of batteries

In the event of battery failure, our VAB roadside assistance agent can, subject to your consent and availability, install a new battery that is payable immediately. Batteries bought at VAB nv have a 24-month warranty against all production faults. Batteries that have been discharged by the member due to incorrect use or too long storage, as well as broken or overcharged batteries are excluded from the warranty.

How to request assistance?

If your vehicle is immobile as a result of a breakdown, incorrect refuelling or a traffic accident, then you can request assistance for the immobilised vehicle. You send us your personal details, breakdown location and number plate so that we can get going and dispatch a roadside assistance agent.

2. Payment terms

As soon as you have made the payment online, the intervention will be activated. The basic premium you pay is for the service on site. If a tow is also required, this is possible for a direct additional payment. Additional charges such as a tow or spare parts must be settled directly with the roadside assistance agent.

What happens in case of non-payment?

Any and all additional bills must be paid to the company's registered office at the latest within 15 days following the breakdown assistance.

- ✓ In the event of late payment, an interest of 1% per started month is owed ipso jure and without notice of default, plus the reminder costs, which are fixed at 10%, with a minimum of €100;
- ✓ In the event of non-payment, VAB nv shall also have the right to suspend any future services until full payment of the invoice and the aforementioned costs.

Disputes

If an outstanding amount is not disputed within a period of 8 days, VAB nv will not accept any further disputes. The beneficiary is also aware that if he/she does not pay the outstanding amounts on the due date - or does so late - he/she will be obliged, without any formality or notice of default, to pay immediately all outstanding amounts in his/her name.

The parties expressly agree and acknowledge that the place of execution of the contract is the registered office of the service provider and that all disputes relating to outstanding amounts are subject to Belgian law and must be submitted to the courts of the district of Antwerp in accordance with Art. 624.2° of the Belgian Civil Code.

These announcements constitute an announcement within the meaning of the Act of 10 December 2009 on payment services. In the event of a dispute, only the courts of the district of Antwerp shall have jurisdiction.

3. Cancellation terms and conditions

You can still cancel your request for intervention. If the roadside assistance agent has not yet arrived, you will be refunded for the full amount.

If you cancel your request once the agent has arrived at your location, then a refund is no longer possible.

4. Where is the contract valid?

The *one-off VAB Breakdown Assistance* is only valid after immobility in Belgium.

5. 24-hour guarantee

If you again need assistance for the same vehicle and for exactly the same breakdown within 24 hours, this assistance is still included and you can call us again.

- ✓ Intentional and/or unlawful acts committed by yourself as well as the confiscation of the vehicle by the local authorities as a result;

- ✓ Damage to and/or theft of objects or accessories from the vehicle.
- ✓ any damages, delays, defects or obstacles that may occur during the performance of its services if these are not attributable to the Supplier or if they are the result of an event of force majeure. The same applies to any damage resulting from the loss, destruction or deprivation of goods or any loss or expense resulting therefrom or any loss which would be the direct/indirect consequence or wholly/partially caused by the (spontaneous) ignition of the battery of a vehicle with electric/hybrid drive after or during the intervention of the appointee of VAB, despite compliance with all safety instructions prescribed by the manufacturer.
